

Dinotour 2023

July 7-10, 2023

Visit the Philip J. Currie Dinosaur Museum

Explore Grande Prairie's Philip J. Currie Dinosaur Museum

Tour the Philip J. Currie Dinosaur Museum.

Itinerary:

Friday July 7 to Monday July 10, 2023

Divide into 4 teams (maximum 10 people per team). Each team participates in each of the day-long activities over the 4 days of the tour:

1. Guided tours of the Philip J. Currie Dinosaur Museum galleries and back rooms. Use microscopes to find microfossils such as teeth, vertebrates and scales from dinosaurs, fish and reptiles. Free time to explore the museum on your own.
 2. Excavate dinosaur fossils in the Pipestone Creek Bone Bed under the supervision of the Philip J. Currie Dinosaur Museum.
 3. Raft down the Wapiti River.
 4. Visit a dinosaur quarry in the Grande Prairie area and hike in the Kleskun Hill Natural Area.
- Overnight in Grande Prairie, Alberta each night of the tour and the night before.
 - Group dinners every evening and farewell dinner on Monday night.

Dig in the Pipestone Creek Bone Bed.

Mail: Dinosaur Research Institute
P.O. Box 6353 Station "D"
Calgary, AB, Canada T2P 2C9

The Dinosaur Research Institute (DRI) is a non-profit society with the mission to raise financial support for western Canadian dinosaur research by graduate students and scientists.

Proceeds from this tour support the DRI's important work.

Explore the Kleskun Hill Natural Area.

Dinotour 2023, July 7-10, 2023

Dinotour is a unique opportunity to discover Grande Prairie's palaeontological treasures with world-renowned scientists Dr. Philip Currie, Dr. Eva Koppelhus, Dr. Corwin Sullivan and coordinator Mona Trick.

During this four-day family-oriented event you will:

- Learn about the dinosaurs of the Grande Prairie region.
- Tour the Philip J. Currie Dinosaur Museum galleries and backrooms. Using microscopes, search for small fossils (teeth, vertebrae, fish scales) from the sediments of the Grande Prairie area.
- Excavate fossils from the Pipestone Creek Bonebed under the expert guidance of the Philip J. Currie Dinosaur Museum.
- Raft down the Wapiti River.
- Visit a dinosaur quarry in the Grande Prairie area and hike the Kleskun Hill Natural Area.

Dr. Philip Currie is Professor, Canada Research Chair at the University of Alberta in the Department of Biological Sciences and the former Curator of Dinosaurs at the Royal Tyrrell Museum of Palaeontology.

Dr. Eva Koppelhus is Science Instructor II, teaching paleobotany and the evolution of plants, in the department of Biology at the University of Alberta. She is also taking care of the Paleobotany and Palynology collections.

Dr. Corwin Sullivan is an Associate Professor at the University of Alberta in the Department of Biological Sciences. He holds the Philip J. Currie Professorship in

Vertebrate Palaeontology. Dr. Sullivan leads the current palaeontological research program in the Grande Prairie area, together with a team of Canadian and international collaborators.

Mona Trick is the coordinator for this tour and amateur palaeontologist and volunteer. She co-wrote the book "Common Vertebrate Fossils from the Cretaceous of Alberta".

Dinotour 2023 includes:

- Guided tour including bus transportation to and from Grande Prairie, Alberta
- Five nights accommodation (double occupancy)
- All meals for each of the four days
- Admission to the Philip J. Currie Dinosaur Museum and for all of the activities at the museum
- Guidebook, T-shirt and goodie bag
- Canadian charitable tax donation receipt for a portion of the fees

The total cost (including GST):
CDN \$2295.00 per person
Single Supplement CDN \$370.50
Minimum age: 12 years old

A deposit of CDN \$500. is required with registration. The deposit is non-refundable after June 1, 2023 unless the Dinosaur Research Institute cancels the tour. The balance of the tour cost and signed waiver is due **June 1, 2023.**

Be sure to register early to take advantage of this unique limited opportunity. For more information, contact Mona Trick at dinotour@dinosaurresearch.com
